

**Permission to use photographs on the website**

Children's and young people's work is important to us at Audlem. We are an all-age community and want this to be seen on our website. We would therefore like to include photographs that show children and young people being a part of Audlem Methodist Church.

We will not, however, include photos of anyone under eighteen without the written permission of parents or carers. This is Methodist safeguarding policy and we are quite happy to abide by it. We therefore invite you to give your written permission by completing the form below.

Please note it is our intention only to use group photographs, that none of those in the photographs will be named and that no personal information of any sort will be attached.

If, with these assurances, you are happy to give your permission, please do so. If you don't wish your child to appear in any photo on our website, please also indicate and they will not appear.

Please return these forms to Sunday School at your earliest convenience. Thank you.

Andrew Gunstone
